## 'EASTER'

Jesus died and rose again  
for the forgiveness of our sins  
and the promise of eternal life.

As a member of Christ's Church,  
what does this mean, *really mean*, to you?

### WHAT WOULD THE CHURCH BE LIKE...

What would the church be like

if every member were just like me?

Would our church be empty on Sunday,

or full to overflowing,

if everyone attended as I do?

How much reading of the Bible and prayer would occur

if everyone took the time I do?

How many bruised, hurting, lonely people,

would be touched by the church

if every member acted exactly as I do?

Would we need more ushers and offering plates

if everyone gave like me?

How many children would come to Sunday School and  
church

if everyone had my priorities?

Would the church just be an attractive social club,  
would it be closed, bankrupt, out of business;

or would it be a dynamic force for Jesus Christ

in our community and our world

if every member were just like me?

Messy Church continues to go from strength to strength. We are welcoming new families, Dads coming with their toddlers, and some of older members who enjoy the energy and buzz of this new style of worship.

If you haven't yet tried it then come along!

**commitment!**

Around one third of church members, both nationally and locally, actively support the church. The commitment of those who make up this third mean that our churches continue to offer the wide range of worship and activities that are available. These people are increasingly giving more and more of their time, money and talents in order that the church can function.

In the vows we took when we became members, we all promised to give “a fitting proportion of our time money and talents”. Do you ever reflect on what *you* might do to keep this promise?

We’re having a ‘Back to Church’ Sunday on April 26 but please know that you’ll be very welcome at any time – to any service or activity. If anything is stopping you coming, please have a word with your Elder or get in touch with Donna. We’d be glad to chat and see if it can be sorted.

You may be wondering about the blank pages in this magazine – only around one third of the pages are being used. Sad to see in black and white what it’s like when so much, or indeed so many, are missing!
